Wow what is there to say about this lady that someone else has not already said.

This I believe is her 30th CC. I have judged her before but today she did not put a foot wrong. The first thing that struck me was her maturity, the most beautiful

stunning correct head,well filled under the eyes. Lovely pigment with a big dark

eye giving that soft gentle expression that just melt you. Cobby compact body with

table top topline. Plenty of bone and substance. Moved really well around the ring keeping her topline at all times. Showing with great style and confidence. She so well suited to her name. Happy to award her the CC and BOB also went on to win Group 4

Cobby in body. MOved with great style. Showing her superb angulation and rear drivine action. Kept her topline at all times, so very well put down and handled.
