**I really enjoyed this appointment so, thank you to the exhibitors for giving me such a great entry both in terms of quality and quantity, it's such a pleasure to have an entry of dogs that you feel represent the best in the breed.**

**PD 1 Matches' BALDRAGON EARL LEICESTER TAF.**

**Fabulous head, moderately large in comparison to body, well domed and full over the eyes, well set ears with sufficient feathering and dark, round eyes. Will take some time to mature fully, his coat was not in the best condition to show off his clear pearly-white, but he is well marked. Moved well when settled. He is well constructed with well laid shoulders, deep, wide chest and good rear angulation.**

**JD 1 Sidgwick's PAULIAN WHERE'S WALLY. Well**

Moved with drive and elegance. 2 Bowles-Robinson's BALDAGON BRECON JW, Well marked with lovely domed skull, wide and well cushioned muzzle. Short cobby body with a good spring of rib. **OD 1 Schemel's CH TUDORHURST COMMODORE top quality dog, sound and well balanced. Loved his head, correct dome shaped skull with low set, long ears with good feathering; dark, round eye with appealing expression; good width to his well cushioned muzzle. Good reach of neck leading to a level topline that he maintained on the move. Moved soundly in front and rear, providing a free, active and elegant picture when moving in profile. Probably a little long in body to be perfect, but he is sound as a bell. BD , BOB. 2 Smith's CH HEADRA'S TRULY MAGIC IS JUSTACHARMA Another sound, proportionate dog with excellent breed features. Well domed skull, long and low set ears with good feathering. Moved well, maintaining his strong level topline, parallel in front and rear. RBD. 3 Hunter's MAYNORTH SHADES OF HEAVEN AT HOOEBARTON.**

**PB 1 Bowles-Robinson's BALDRAGON HOLD THAT THOUGHT. A star of the future, no doubt. Gorgeous**

**head and expression, correct dome shaped skull, low set, long ears. Level topline that she maintained on the move. Well constructed, moderate length of neck, well placed shoulders and well angulated hindquarters gave her a free and elegant movement in profile, with parallel movement in front and rear. Her coat will develop as she matures, but was beautifully presented here, showing off her 'pearly white' and rich red-chestnut marking beautifully. BP.**
