

King Charles Spaniel Club Championship Show 11th May 2013

To be asked to judge the most prestigious and important show in my own breed was a great privilege and - even taking the risk sounding trivial and over the top ♦ it genuinely made a childhood dream come true! I was honoured with an excellent entry and in general I was very satisfied with the current standard of the breed. The majority of dogs were happy and charming Toyspaniels with excellent temperament and there were only very few minor issues concerning soundness and I had no concerns from a health point of view. Obviously there were differences in type and quality but even specimen with lower placing's have to play a valuable part for the genetic diversity in a vulnerable breed and must not be lost for the gene pool. Even the fickle British weather could not dampen the spirit and I would like to thank everybody to make this special show one of the highlights of my judging career, which I shall remember for a very long time.

VD(5): 1 Fry& Jacksons Ch Amantra Cheers, mature Tri in full bloom. PGD(10,2): 1 Moffat & Robins Maibee Lowrie, Tri. another example from a seemingly magical mould producing a constant flow of dogs of highest merit, short and

cobby, large expressive head with good cushioning, wide non-exaggerated dome, expressive dark eyes, straight front, good reach of neck, short firm back, moved with purpose, attractive markings and well kept silky coat were the icing on the cake Res. CC. 2 Penningtons Tudorhurst Corsair, attractive Black/Tan of highest quality, scores on his plush head with gentle expression, dark expressive eyes, decent bone, well angulated, moved with purpose, just lost out on maturity. 3 Eddleston Patzpetz Dashwood.

OD(6): 1 Penningtons Tudorhurst Diamond, it is not a secret that I admired him when I saw him for the first time as a puppy and have followed his development with keen interest. For me epitomises the classical head with textbook features almost near to perfection. Being a head breed his quality got him a way ahead, but he equally scores with his many other virtues, he has got excellent bone and his angulation front and behind enables him to carry himself with proud head carriage and at the same times moves with excellent stride and strong drive. Attractive well broken markings and a full coat with lovely fringing completing a most elegant regal picture CC & BIS. I was satisfied and delighted to see him gaining his crown only on the next day. 2 Salgueros Downsbank Bilbo Baggins, when I judged him the last time I thought there was a quality but his presentation and performance left a lot to be desired. Since then his handler has worked extremely hard on him and I was delighted to see him in such good condition, still not the easiest to show he performed well and his classical breed type had to be rewarded, a credit to the determination of the owner. 3 Maddisons Alambra Rich Ruby.

It is high on time that he is back in the ring and with a bit more ring control and getting him back in full coat he should gain his own crown with ease. 2 Pennignotns Chateau Tudorhurst De La Montagne Ensoleilleie, old favorite of mine, build on slightly larger scale but simply oozing breed type.
