

UK TOY KING CHARLES SPANIELS 29TH MARCH 2014.

Thank you for the lovely entry of 96 with very few absentees. I must admit I was going to withdraw from the appointment after losing mum, but I am glad I didn't as I know mum would have wanted me to carry on.

A couple of points in general, I was disappointed that a few exhibitors had not bathed their dogs before coming to the show, some were quite smelly. I don't understand why you would pay a hefty entry fee & not make the best of your stock. Also, please don't bait your dogs on the table, I say this everytime I judge, but some still do it & it is hard to assess the expression when you cannot make the dog look at you.

Veteran Dog. (1).

- 1. Salguero's CHACOMBE LORCAN. Well bodied Ruby of 7 yrs. Well domed head with low set ear, & dark round eyes. well boned, well coated, went well but could have a little more animation.**
