

***The King Charles Spaniel Association Championship Show 6<sup>th</sup>. November 2010***

***I would like to thank the Officers and Committee for inviting me to judge their Championship Show, I thoroughly enjoyed my day and I was very thrilled with my top winners. I would also like to thank all the exhibitors for their entries, there were some very nice dogs, some I fear were a little too thin and too tall on leg and the breeders have got to be careful of the gay tails that are creeping into the breed it does spoil the outline of the dog and the Breed Standard does call for the tail to be carried with the level of the back not straight up in the air, this is nothing to do with us not being able to dock as the breed has always been optional it is the incorrect placement of the tail.***

***Dog CC & B.I.S.. Ch. Maibee Theo.***
