

**KING CHARLES ASSOCIATION OPEN SHOW  
SUNDAY 24<sup>th</sup> FEBRUARY 2008**

**My sincere thanks to the Officers and Committee of the King Charles Spaniel Association for the invitation to judge their Open Show and to the exhibitors for an excellent entry of 72.**

**I found the breed in good heart and a number of very exciting prospects in the younger classes and this bodes well for the future. The puppy classes in particular were full of quality and I shall watch with interest as they compete against each other whilst maturing into adulthood. A number of all rounder toy judges have openly stated that when judging King Charles Spaniels it is a compromise. Having been involved with and exhibited in this wonderful breed, compromise is something which was inappropriate today. I thoroughly enjoyed my day and I thank those who graciously accepted my decisions based on my interpretation of the breed standard.**
