**I was really pleased with the males of good quality, exemplifying the true type. I liked many of them. I also loved my BPB who was so sound & well put together. I was also pleased that both dogs & bitches had very outgoing temperaments.**

**The prettiest head for my BCC with a perfect front movement & legs, short & cobby body, the true type.**

**My RBCC is a lovely blen with plenty of quality, a wonderful expression & temperament. For both dogs & bitches, the main quality feature is the head.
