Thank you to the exhibitors for such a quality entry. Just a shame the rain let us down, but we soldiered on outside. Just forgive some lack of detail in my notes but they were so wet with the rain they were almost unreadable. Was thrilled to see that all my principal winners were of type in both head, bone and size.

Puppy Dog (1)

1, Wood's Tudorhurst Guardian Lovely Tri baby, just 10months old, but has so much going for him, correct dome, full in face, darkest of eyes, ample bone. Well-marked, moved with drive, really using his hind quarters, covering the ring with style showing his level top-line at all times. Stood alone but well deserved his place on his quality. Am sure we will hear more of him happy to award him Best Puppy.

Blenheim bitch, what can I write about the lady that hasn't already been said before? Excelled in head and dome, so plushy in her finish of face. Had the head, body and bone that I was looking for, which to me says a true Charlie. True in movement both coming and going, showing off her top-line and all her virtues, not surprised this was her 20 C.C. Well done to her proud owner breeders C.C. & B.O.S

2, Bakers Cofton Fairy Tale

Quality Tri, so very pleasing in head and had the cushioning I was looking for, True in movement both coming and going covered the ground so well showing her excellent top-line despite by this time the appalling weather. Thank you to her owners for showing her in the terrible rain after such a long journey.
