

## **CRUFTS 2019**

### **KING CHARLES SPANIEL**

**Exactly 40 years ago a schoolboy from Austria visited Crufts for the first time. This experience opened a new world for me and has influenced my path of life ever since. A number of very special persons -sadly no longer with us - gave me the essential support and advice to prosper in the breed and these were very much on my mind on the day. With the loss of influential breeders in recent years the halcyon days of the breed are a thing of the past. However there was still a good number of lovely Charlies to go over and temperament in particular was excellent. I was worried to find some dogs with excessively bulging eyes which not only spoils the soft expression but is also a potential health issue. Ditto I found quite a few dogs with unsound hind construction. Both faults might not have been obvious from the ringside but certainly influenced my placings. For the simple reason of numbers some quality exhibits went down the line or even card less. The standard of presentation varied considerably and although I like to see a clean well presented Charlie I would like to point out that trimming and sculpturing is completely outlandish in this breed and should not be encouraged!**

**1st CH TUDORHURST DIAMOND (*MISS J PENNINGTON*)**

***My BIS winner at the KCSC Championship show a few years ago. On the day he gained his 2<sup>nd</sup> ticket and he was made up the following day at the National. He simply epitomizes classical Charlie type and there is not much I would like to change on him. Has seasoned gracefully and was shown in wonderful condition and in competing for the green cards he certainly gave the young dogs a good run for their money. BEST VETERAN***

***CH HEADRA'S TRULY MAGIC IS JUSTACHARMA (MR S C & MRS G A J SMITH), built on slightly larger scale this masculine Tricolour combines stallion attributes with softness. Large well domed head with 2<sup>nd</sup> plush face and excellent profile. Low-set long ears framing head nicely dark expressive eyes, strong neck excellent ribcage, firm quarters, colour not his strong point but shown in full coat and moved with purpose***

**1st** **CH BALDRAGON SHE DEMANDS JW (C BOWLES-ROBINSON)**, *the bitch breed record holder and I am pleased that I also could contribute to this outstanding achievement. This Tricolour simply can not be overlooked and pleases the eye with her harmonious lines and equally typical and ultra-feminine head. She showed very well on the day but sadly like many bitches this time of the year she was a bit out of coat and had to give way to the Veteran male who was in full bloom.*

**1st** **CH COFTON WINTER TIME TALE AT HEADRA JW (MRS I M & MRS M E ASKINS & KENDALL)** *now fully mature I have admired this Blenheim since she was a puppy and I have watched her going through various stages but I have never seen her better. Being very lightly marked might be a disadvantage but her sound well-balanced cobby body and excellent conformation do not need markings for camouflaging, to get the head right in a Blenheim is not an easy task but this one certainly can compete sporting a correct dome with gentle raised, dark eyes, , low ear-set and plush round face, standing on four sound legs she moved with ease and she was in hard condition, decent coat and literally showed her socks off which earned her the highest allocade CC*

**2nd** **DK/SECH/NOCH PENEMMA MILLIE THE MINX (MR C JENSEN)** *mature very lightly marked Tricolour which instantly brought back memories of many of her illustrious Maibee ancestors. Not the biggest head but*

***very nicely balanced with truly feminine soft expression, cobby body, good bone, well presented and shown in full coat, certainly could not be overlooked in this star-studded class but in the critical moment not quite as animated as 1, close decision.***

**3<sup>rd</sup>** ***CH MARCHOG MACFLANNELETTE (MR R & MRS K STEWART), eye-catching Black/Tan simply oozing classical breed type and another one who follows in the foot-steps of outstanding ancestors. Scores on her wonderful expressive head with soft round lines, dark expressive eyes, decent neck, firm bone, round feet, coat of correct soft texture and presented to perfection, moved with dignity.***
