

**KING CHARLES SPANIEL CLUB CH. SHOW
14.11.21. at Baginton**

Thank you to all the officers and committee, especially to Secretary Margaret Mallows, who not only had more than her fair share of immediate pre show dramas to contend with but so much more, being efficiency itself whilst still smiling! There was a happy, friendly atmosphere throughout the day with everyone chatting, laughing and applauding around the ring. Thank you to all exhibitors for such a splendid entry which, I was led to believe, was the highest this year so far with every dog without exception being utterly charming with their own very individual highly intelligent characters.

As with all breeds, there were some of two years old and under who had been victims of the lockdowns and, understandably, had not had the advantage of either normal socialisation or ring training as well as those who had had their mouths forced wide open unnecessarily by judges who had imagined that this was the right thing to do and I make no apology for taking a little longer with these in an attempt to build up and restore their confidence.

Thankfully there were a number who conformed to the all important words of the Standard being typically "Refined, compact and cobby" but there were also quite a few who were too long backed, narrow chested and lacking bone. Charlies are such a wonderful breed, unique unto themselves, yet some of the entry had quite a similarity to Cavaliers

Thank you too to Mike & Rhonda Rawley (Choya) whose excellent stewarding skills and sense of humour completed a very enjoyable, happy day.

- 1. Hunter's Baynorth Shades of Heaven at Hooebarton. A gorgeous fellow in superbly coloured ruby coat with tail constantly awag. Lovely head, eye and expression, good layback of shoulder, in hard muscular condition. Excellent make and shape with all parts fitting neatly and accurately into the whole resulting in very good movement. Just a shame he wasn't able to stay long enough to challenge for BVIS.**
- 2. Austin's Dragonheart Fall Breeze. Tri A happy energetic character with a well laid shoulder, lovely expression and good**

turnup. Could do with more body. A steady mover, if somewhat inclined to find the exciting smells on the floor more interesting than the job in hand.

3. Maddison's Penemma Raphael. Blenheim with good body and bone if just choosing not to move quite as well. Enjoying himself to the full with happily wagging tail.

Already in splendid coat for his age, an excellent mover with good length of stride in profile despite pulling over a touch on his lead at times. Good body, topline and layback of shoulder complete with non-stop wagging tail. Most exciting.

Handsome masculine 3 year old ruby with a beautiful head and superior expression, sturdily built and well made all through with firm level topline and well set non stop wagging tail. Very good mover.
