

MARGARET MALLOWS - BINGLUI

We were sorry to learn of the death of Miss Margaret Mallows of the Binglei Pekingese and King Charles Spaniels. I first met Margaret Mallows in 1978 whilst judging the North of Ireland Pekingese Club Championship Show. Margaret was exhibiting a most attractive dog, Penang Bing Lui, bred by Jimmy & Dorothy Simpson, and I was so impressed by this exhibit. He won the Limit Dog class and the Reserve CC on that day, and you can imagine the elation of Margaret, who was then a novice exhibitor, winning her first major award.

Other good examples of the breed were to follow, including Binglei Ace, an exceptionally good red dog that won a couple of reserve tickets, and certainly was a dog who was worthy of his title. During this period Margaret became a close friend of Mrs Winifred Jones (Loofoo), and following the death of Mrs Jones she remained in touch with Mr Dick Jones. In more recent years Margaret became actively involved with King Charles Spaniels, and met with success in this breed. As time progressed Margaret became actively involved with the North of England Pekingese Club, and with various King Charles Spaniel breed clubs, and she served all of these clubs with distinction. Margaret was a strong and principled individual, and would stand by her opinions and beliefs in an uncompromising manner. As the years passed by, she became a competent judge of many toy breeds and the Toy Group.

During the course of this morning, Monday 10th January, I have received four telephone calls about Margaret Mallows, and every one of the callers wanted to talk and reminisce about Margaret. A common theme quickly emerged from each caller, and they wanted to share with me stories about Margaret's kindness and generosity to many people, and her depth of loyalty, particularly to her old friends who have become frail.

The daughter of Joyce and Jack Mitchell, Celia, was one of the callers who particularly wanted to mention Margaret's kindness, generosity and loyalty to her parents. Celia quoted the words of her mother, Joyce: "I can't keep up with Margaret's kindness and generosity."

The last time we saw Margaret was at Jack Mitchell's funeral, when she sat with us at the reception, and we enjoyed her company. We feature a photo taken at Darlington Championship Show in 2009.

The party was an annual event, always organised and financed by Margaret to celebrate Jack Mitchell's birthday. It is a wonderful thing when one is remembered by their acts of kindness, generosity and loyalty.

May Margaret Rest In Peace.

Tribute to Margaret Mallows The Secretary of the King Charles Spaniel Club,

Margaret Mallows passed away on Saturday 8th January in hospital following an emergency operation. She had been poorly for the last few weeks.

The dog world has lost yet another most knowledgeable judge, first and foremost in Pekingese which Margaret had owned and exhibited for over 50 years and as a judge of many breeds in the toy group.

Her last toy group appointment was at the East of England Championship Show last year where she awarded the group to David Guy's Griffon Bruxellois.

I have been a close friend of Margaret for over 40 years, and introduced her to the world of King Charles Spaniels. She loved, like myself, the wholecolours but in the early days preferred the rubies. Margaret bred one litter of Ruby King Charles Spaniels by one of my dogs, and kept four herself from the litter. She won a CC with one of the Ruby bitches, under Mrs. Rita Morgan, at Blackpool Championship show when the rain poured down and the show had to be cancelled the following two days. Margaret only recently lost the last of her home bred Ruby bitches.

Margaret was very well known as the Secretary of North of England Pekingese club for many years and served that club very well, always transporting the many Pekingese models to have on a stall at Crufts for the club and organising many shows or events.

I well remember the Peke shows where I stewarded and she organised a wonderful spread of food / buffet for everyone there to enjoy. She was so kind and generous.

Margaret was indeed a formidable, strong character who didn't suffer fools gladly and always spoke her mind but was equally generous to her friends and the clubs she was involved in. When you talked to anyone at shows her generosity was well known in the North East of England.

Margaret was very fond of Joyce and Jack Mitchell (Micklee Pekingese) and always organised a birthday party for Jack when he was still alive. She would always prepare a wonderful buffet for his birthday that was held at Darlington Championship show.

When we travelled together to shows the first place we had to stop at was McDonalds, her favourite for breakfast and that was the last place we stopped at on the way home. While I was driving Margaret would be on the phone all the way home giving friends the results from the show.

Margaret accompanied me when I was judging Cavaliers in Australia and again when I judged King Charles Spaniels and Japanese Chins in Prague. From her time in Prague she struck up a friendship with a few exhibitors there and eventually brought in a Black & Tan dog to show. He became a Champion and she had her proudest moment in dog showing by winning the CC and B.O.B. at Crufts in 2020 with him.

Margaret loved life to the full, but particularly enjoyed taking her young nephew and nieces out at the weekend. One particular favourite place was Beamish Museum and the other was South Shields beach where the Charlies could run wild and her family could play. She was also extremely kind to a long time Pekingesese exhibitor, Mrs. Bell, who Margaret would take out every week in her car to Car Boot sales.

In the last few years as Secretary of the King Charles Spaniel Club Margaret has been a very good Secretary on show days, was a stickler for the rules and I know she will leave a huge void in the world of dogs. I know that many other tributes will follow.

Rest in peace now, Margaret.

The Officers and Committee of the Northern KCS Club would like to send our condolences to the family and close friends on the passing of Margaret Mellows. Margaret was very much a strong character in both Pekingese and King Charles Spaniels and will be missed by many

The Officers and Committee of the United Kingdom Toydog Society were saddened to learn of the death of Margaret Mallows (Binglui Pekingese and King Charles Spaniels).

Margaret was a lifelong dog lover and started exhibiting Pekingese in the 1970s. Her first CC appointment in Pekingese was in 1986 and she judged the breed very efficiently at Crufts in 2017. One of her proudest moments was winning BOB. at Crufts with her black and tan King Charles Spaniel in 2020.

A Toy Group judge, we had invited Margaret to judge Stakes classes at our 50th Anniversary show this year and we were looking forward to her judging Best in Show for us in 2023. Sadly, it is not to be.

Margaret was a great administrator and was actively involved in her breed clubs. Anyone who worked alongside her would be fully aware of her commitment to the cause. Kind and generous and

particularly welcoming to newcomers. Margaret could be outspoken and was not afraid to speak her mind even when she knew it would not be popular. She was indeed a woman with strong principles with the belief to follow them through at any cost. She was one of the few people we know to get the better of Ellis Hulme in a discussion on Pekingese!

The world in general and the dog world, will be a much poorer place without Margaret's presence. We send our condolence to her family.

PEKINGESE notes in Our Dogs Issue: 14/01/2022 Edited notes

I am sad to inform you that Margaret Mallows died on the 8th of this month. Margaret was the secretary of the North of England Pekingese Club for many years, also an officer of the North of England Toydog Society. I believe they have recently been given Championship status. Margaret was also at the helm of the Yorkshire & Eastern Counties Peke for a few years. RIP Margaret.

Liz Stannard

the sad and sudden death of Margaret Mallows, so well known to us all in the breed not only as Secretary of North of England but as someone who put so much back into the breed. The amount of work she put into the club's shows, the catering and parties she held at other shows to mark special occasions such as birthday's. Everyone was invited to partake if you were there. When she started holding the club shows with Darlington people from other breeds came along as the spread was so good and plentiful.

She was a person of strong opinions and not frightened to voice them but her love of Pokes and King Charles Spaniels meant that she wanted the best for them and was not afraid of speaking out.
