Richmond Championship Show 9.9.23

King Charles Spaniel

Many thanks to the officers and committee for inviting me to judge at this superbly organised show. It is twenty five years since I first awarded CCs and coincidentally that appointment was also at Richmond in 1998.

I thoroughly enjoyed judging the Charlies and must compliment the exhibitors for bringing a lovely selection of top quality dogs and bitches for me to assess. I have to say that I found no health or temperament issues with this breed, and on this incredibly hot day they showed and moved with no signs of stress. Unlike myself. I think this was the hottest day on which I have ever judged. Congratulations to the Charlies and their handlers for keeping so cool despite the near tropical conditions.

1. Austin's Dragonheart Winter Morning, nice quality, well broken blenheim dog of ten years; large head with low set ears, dark round eyes, good open nostrils, neat lips; strong bone to front, topline level but could have been a little shorter; well sprung ribcage, excellent tail carriage and movement. Best Veteran in Breed.

1. Bowles-Robinson's Tom Des Trois Maillets Baldragon (NAF) (Imp) Fra, what a gorgeous young dog; won this class on his outline, really good length of neck, short cobby body, low set well carried tail; perfect size for me; large dark round eyes, low set ears, super dome, open well pigmented nostrils, wide muzzle with well padded lips and correct turnup; straight front with legs of medium length; level topline, well sprung ribcage; super coat with nice depth of rich chestnut to his markings; excellent rear angulation; real ring presence; I pulled him out into my last three and believe he will trouble the best very soon; only sixteen months old so has plenty of time on his side.

2. Smith's Justacharma Just Magical, lightly marked thirteen month old blenheim dog; very different in style to the winner, heavier type with super round straight front, legs not too long; large head, dark round eyes, open nostrils, low set ears, neat well padded muzzle; enough neck to support the head; super topline with excellent ribcage; pleasing straight silky coat; moved freely.

3. Austin's Baldragon Blinkin Hell (TAF).

Pleased to award him the Dog CC and later Best Of Breed.

1. Schemel & Nemeth's Bentwood Angelico Primo, nice rounded skull on this four year old blenheim boy; I would have preferred deeper chestnut markings to his coat; typical round skull, wide blaze, dark round eyes, nose well placed and open nostrils; lowish set ears; moved well but sadly out of coat on the day.

1. Nemeth's Arrowbien The Sphinx, this is another beautiful Toy Spaniel with a lovely head; super ears with plenty of feathering, nice large forward facing eyes; good open nostrils; excellent dome, well padded lips with turnup; loved the symmetry of her head markings, not essential but enhances the softness of the expression; pleasing outline with short level topline; really good tail set and carriage on the move; an elegant accurate mover; beautifully presented and handled, I would love to judge her again when she matures in body and comes back in coat.
