DARLINGTON 2023

KING CHARLES SPANIEL

A lovely quality entry awaited me. I was pleased with my winners, many classes entailed hair splitting decisions . So much has been said recently about 'things not been what they were'and the poor quality in the ring .All I can say personally is that in both sexes if the main winners hadn't been there, there were several other exhibits I would have been more than happy to award the CC to . We have to remember that life has changed, dog showing has changed .In our breed we no longer have the exhibitors of yesteryear who ran larger breeding programmes and were able to offer stud dogs of different lines .Sadly in this last couple of years we have lost some knowledgeable long stand exhibitors. Our numbers may of reduced and yes we are in desperate need of new younger exhibitors to take the breed forward .But I feel we are holding our own as can be seen today when two KCS carried the breed mantle in both the group and a stakes class -lets be proud of our wonderful breed VETERAN DOG (4-1)

Who says veteran Charlies can't hold their own, these three showed with the zest and vigour of dogs half their age .All are a credit to their owners -let's not forget the lovely B/T veteran in open dog and the veteran bitch winner
